# CONSTRUCTION

## General Dewitt Airport

*(near downtown Memphis)*

- Runway is being planned for extension and the parallel taxiway is being planned for relocation.

# Memphis and Shelby County Airport Authority

## General Dewitt Spain Airport

This project is typical of heavy highway construction and includes demolition and replacement of the existing asphalt taxiway as well as work to lengthen the runway.

### ➤ **Project includes:**

- The relocation of the existing airport levy.
- Replacement of the existing airfield lighting system for the runway and the taxiway.
- A new generator facility for the airfield lighting system.
